RESOLUTION

Supporting backcountry airstrips and recreational aviation.

~~Whereas recreational aviation represents a significant portion of the Nation's aviation activity;~~

~~Whereas recreational aviators utilize backcountry airstrips as access points for a variety of activities;~~

Whereas backcountry airstrips provide multiple benefits to the general public, including search and rescue, fire management, research, disaster relief, and wildlife management;

Whereas recreational aviation helps State economies by providing efficient access for visitors seeking recreational activities;

Whereas backcountry airstrips serve as emergency landing sites in the event of mechanical problems or inclement weather;

Whereas backcountry airstrips provide access for those who do not have the physical ability to access backcountry areas by other means; and

Whereas recreational airstrips have a small footprint on the landscape, provide for dispersed recreational activity, and act as internal trailheads within backcountry areas: Now, therefore, be it
